Legally... you have to buy it.

On the illegal side... good luck

I'm wondering that myself.

I would be happy to test it this weekend. My friend has it.

w3d exporter only works with Max 7 SP1 upto 3ds Max 8 and its service packs.

Have you tried Google at all? I'm sure there's a site that dedicates itself to hosting links to download old programs.

I've looked on google previously for mirrored downloads of max with no luck. I cant tell you how easy it is to get but google the word "torrent", go from there.
