Whats up guys.. Hey there is a way to put your own music as the menu music on Renegade and i forget what to name the file. I know you take the mp3 file and put it into your Renegade Data folder and you rename the mp3 file to something, but I forget what to name it to. Anybody know?

Excellent song...

Menu songs are by far one the best ways to mod your Renegade.

Espically considering the fact the default menu song is so darn annoying.

At one time I had Hell March 2 as my menu music. But what happened to it, I dunno.

Thanks,
