I download rengaurd from rengaurd.com. When i install it, it asks me for a directory. i select the renegade directory and it says "rengaurd must be installed to the renegade directory". What can i do?

I would just uninstall Renegade, delete the Renegade folder, and reinstall.

lone0001 wrote on Tue, 27 March 2007 17:38first decade

U took the sticky in this subforum about first decade (

<http://www.renegadeforums.com/index.php?t=msg&th=19350&start=0&rid=4882>) into consideration?
