I was playing in a server last night, and was on teamspeak with the people on my team. The guy Deasnipier was getting amazing headshots with a SBH, and I was a 500 almost every time. He gg'd 3 500's without dying. We all said he was using \*cheat name removed\*. Anyways he was banned, then he threatened, to have me Banned On Site. Then Irashiva came and started talking shit to so I took screen shots of it. Can anyone tell me what the hell this is about? Or if this is really going to happen.

Why would you be worried if your banned? They are the shittiest servers that have ever owned a high nickname. I got banned for calling tthom an idiot cause he thought I was cheating and I proved him wrong with a test...

I fail to see why BHS will not answer a question about why I fail to see why BHS will not do anything about this guy.

I fail to see how an "I fail to see" statement can be considered a question.

I fail to see why BHS will not comment on my statement that I fail to see why BHS does nothing about this guy.

Better?

I like.

What can they do though if he doesn't use RenGuard? Other than telling every server owner to ban him.

But then he's got all Gamespy to fuck around on. Or is my immense ignorance of the technical aspects of Renegade showing because an XWIS ban will somehow affect that too?

I would bet money that he uses RG. He should be banned from RG and XWIS. We should also eat all his cheese.
