He got banned for *cheat name removed* using (Renguard bypassing).
He was using a cheat (PT hack) while being on Renguard.

Cheating is for idiots. What's so fun in having an unfair advantage over others? I hope you had fun while it lasted. And i hope you get the usual flaming on your ass here.

You are wrong, the anti cheating system that caught him was
the Ressurection mod (http://www.icefinch.net), and not BIATCH

I got banned. Can you please un-ban me. there was a confusion because my cousin has almost the same screen name (i have Crash432, he has Crash431). And he used a racist word that got the both of us ban. I mean this is our first offense and if you un-ban us then we will not do it again. Plz?
