Ok this is a problem me and my friend have pic explains it:

<http://www.silverbulletserver.com/album/displayimage.php?album=random&cat=0&pos=-20>

and this started when we installed some .pkg files

and they were:

Advanced bots

Bots Challenge

mutant attack

deadly stunt park

and also a none .pkg file: beta v3

anyone know if these maps cause anything like that?

Someone might have made a texture in one of those packs with the same name as the C and C Under Snow Texture, causing that.
