Joe Francis, the freak who made the "Girls Gone Wild" videos has finally payed the price for his filthy work.

haha! I am pleased to see this crazy bastard finally reduced to the dust. He is indeed the "devil" and an "evildoer."

I never did pay much attention to the guy... figured he was just another attention whore. Reading through those articles, it sounds as if he should have been locked up a long time ago for being a general menace to society.

Growing up in the south and going to Panama City Beach and Daytona Beach for spring break

and summer and stuff, i've seen what the girls do and have absolutely NO SYMPATHY for any of those stupid whores and what they do on camera. It's really amazing how stupid these girls really are (drunk or sober) and this really makes me never ever want a daughter (when I do have kids). lol

I don't have much sympathy for those whores, either... but it's also the sick men who make those movies and buy those movies who make those girls think their self-value is contingent on how many guys want to put their penises inside them.
