i mad my own irc channel on the irc.ia-net.net server thing  
im looking for a bot note im new at irc stuff i got dreambot but not liking it much all i want is a bot  
that

has flood protection and any other basic protection  
a few good games  
and something that interacts with the ppl without having to always be called on

basically a bot thats good for having fun

can anyone please help?

Fuck you. We've had more than enough problems with you in the past.

Oh, and I bet your cousin's having a fun time in prison being Bubba's favorite bitch.

Haha sounds about right. ;\ Xphaze.. Be friends with the admins and you can cheat all you want!  
Say anything about it or actually have proof about them cheating and you're banned! Go XpZ!

So.. if not everyone hates you why did they all flame you in this topic?

(with the exception of Blazer, who I suspect probably just wants you out of the forums asap And whose link you seemed to ignore, even though its what you asked for)

Xphaze... ran by... Yonnie (yonegga)

A cheater...

I've noticed how a large number of previous rejects in that community are suddenly allowed in... maybe he's short on the decent players who left...

Oh, and have fun being a "mood".

Emphasised a point.

Xphaze wasn't that bad when the decent staff were still there, but it's morally indefensible to ban a cheater when the owner cheats...
