Ever heard of <http://n00bstories.com> ? Maybe there forums? Was you banned from RenGuard itself, Did you receive a message with

"You have been banned by [Nick] For [Reason]" when you start up RenGuard? Yes? No? So many questions, So little answers!

Post on n00bstories forums to get unbanned from there server, Not RenGuard.

Register to view is epic fail.

Cheap tactic to make people register.

I don't get it..  
 He joined the forums because he was banned.

Nope, Still nothing. I don't see your logic.  
 I joined here when I could'nt get my Renguard to work too.

My logic is as follows: kenji63 joined 6 months ago, made one single post, and never even returned to see if anyone replied to his post. Therefore, there is no reason this thread should continue, since it was bumped by someone who can't understand the concept of time, and nothing posted since the bump will help kenji63 anyway. Other people wanting to talk about their own bans should make their own threads instead of beating someone else's dead horse.
