Plz unban n00bgrl and from renguard.....it isnt fair, me cheating caused my, brother, my dad, and my uncle to not be able to play with renguard.....because my computer is banned from renguard....so they arent able to play on there nicknames, me99times, cadman, and vortexops.....if you could plz unban me not for me but for my dad brother and uncle....would be much appreciated.

Not to mention your dog can't play either. You may have wanted to think about this before cheating.

I'm sure your dad, uncle, ... would appreciate if you pay 30 \$ to BHS, which is the usual price for getting unbanned. Just to avoid you doing it again and getting your dad, uncle, ... banned again.

If me99times is one of their nicknames then why did you register as that on the forums? Why didn't you register on your own name? And why exactly is your uncle playing Renegade from your PC again? I wish my whole family was into Rengade. That would make for some sweet family gatherings. We would be disfunctional but hey who cares about that. I call bullshit.

Crimson, please unbann me from RG. Not for me but so that RG stops killing my gold fish.

well I dont appreciate the sarcasm...I personally think that Getting banned from RG is enough

punishment the first time to not cheat again, and shouldnt have to pay \$30...and i used me99times because my brother already had an account on Renguard.com and i didnt feel like making another.....and it wasnt my whole family cheating.....i went behind my dads back and cheated and got kicked from renguard, which he cant play on alot of good sites.

which can be done by contacting your internet provider and requesting a new one

nice bump but w/e... you can't just circumvent a reanguard ban by changing your IP! and even if you could, they could find you again by the other information which gets submitted easily anyways.
