I just need some information to find some people. My names Jeff, was known as Rico049 with St0rmgaming. It was quite a while ago, havent done anything with Renegade or st0rm in a while. I used to help wilost0rm with his servers and was manager of st0rm to help him. I also was in close contact with DISTS,zxvure,and many other st0rm leaders. I dont even know if Crimson or any older leaders are still here either. Ive moved on and majoring in Computer Science and have my A+ certification and almost Security+ but the old days taught me alot.

Main question is that I would like to talk to anyone who knows what Im talking about or anyone who has been here a while so I can get ahold of any of my old friends/computer nerdz

So please if you can help email me or message me here. Thank you- email - jeffcs1137@yahoo.com

Agreed. Not meaning to get into a flame war, but St0rm hates it when they lose....They ban people from their servers simply because the person was better than them.... (Reason being "h4x")

Anyways, Thanks,
