Eventhough I have had Renegade for a long time, I am still fairly new to this community. I joined Renforums in February and though I am familiar with many good people here, one "important" character still eludes me.

I hear a lot of arguments and "fighting" between troopr02 and others here. Seems like everyone hates him. I know he has a clan and that, based on his posts, is like a "formidable" figure in Renegade.

Can someone please educate me more about this mysterious character that is known as troopr02? Is he really good in Renegade?

PS: Please, don't flame him or me. I am just asking this question on a neutral basis...I don't know troopr02 and he does not know me. I am just curious.

Oh...and tell EVERYTHING you know about him. ABSOLUTELY NO FLAMING PLEASE. Thanks!

Instead of the community repeating what has already been said, and it does not need to be brought up yet again, simply go back and read all the "troop threads". Use the search feature if you can't find them.

Well I did a 1v1 against him a few months back, he had about 90 points ahead of me and I was nuking his ref, he shut down saying I wall jumped on field, as nod, by myself.... the best part was, he was in the field .

Trooprm is really bad at renegade and thinks he's awesome, hence all the flamewars he gets in.

Most importantly, I think he's an attention whore. He may or may not be as stupid as it seems, but he does like to stir up controversy and have all the attention be on him. He's made it clear that he revels in the spotlight, yet so many more feed him this source of power. If anything, I would say he's smarter than most of his adversaries because he's able to manipulate them, basically tell them that he is manipulating them, and still manage to manipulate them.

Other than that, he's just a forum troll because everybody allows him to be. He serves no purpose to this community. Plus, he's Canadian, and that right there tells you something's seriously wrong with him. (It's a joke, people. Get the fuck over it.)

His opinion counts for little more than shite, and he is thought of as the flies upon the shite.

He isn't an important figure in this community. He was just the butt of everyone's jokes for a while, and sometimes still is if there isn't much else going on or he brings it upon himself.

However, I am certain he wouldn't have it any other way. And for this reason it is best to ignore him.

Straight from the retard's mouth:

Quote: Troopr02's Bio

Real Name: Damir B.

Age: 16

Sex: Male

Location: Ottawa, Canada

Hobbies/Interests: I love 0wN1nG at C&C Renegade and Web/Server Management. I also like to skateboard, I'm semi-pro and I hope to acquire a sponsor in the near future. I am also a semi-pro snowboarder in the winter and a Certified CASI Instructor.

Renegade Background: troopr1's uncle from Austria received the full release of C&C Renegade before the North American release date, and I required it from him. He installed it at his house, and we both played our first ever map there (Glacier). We were just using an MRL to attack the

ob, no one was really doing anything consider it was new at this time and no exceptionally good players existed. Anyway, we got MVP that game and I got hooked so I took it home and we played in the same server while talking over the phone. This time I got MVP again, (Walls) and I remember being alot better than everyone in that entire server (at this point I was playing 1st Person, no skins were available, and I didn't know how to even take a SS) which got me thinking about how far I could take myself with this game. I soon after realized I apparently had a natural talent for Renegade, and eventually ended up joining the +ILL+ clan which also first got me thinking about playing for more competitiveness instead of just fun. I was the #1 sniper in the clan, one of the highest ranked players on WOL, and an overall recognized player. In any case, +ILL+ was the best clan out there at that time, until it died, and that's when [+TRPM+] was born. And I have sworn in the past that I will be the last Renegade player in all of the community, even after everyone has left, and that's exactly what I plan to do.

Basically he is full of shit.

It has to be said though that once you realize what it's all about, his special brand of "logic" is quite entertaining.

I stopped reading that "bio" when he said he got the game before the north american release. Then goes on to say the first map he played was glacier. Something that any dip shit knows was added in a later patch AFTER the game's release. If he was truthful he would have said under being that was the map in the demo.

As you can see, everyone who said I "suck" here, I have beaten at a 1vs1, except mrpirate who I have never played. This includes c0vert7 (who atleast admitted it) raphazxe or w/e who first said I never played him, then chnaged his story to "that was a long time ago" and ofcourse mexpirate who I bet 2/3 games in the series, and to a cheating clan at that too. Ill 1vs1 u, np, anytime, msn? But dont be like them, but hell, if i got raped that badly and someone like me rubbed it in like i did, i would h8 them too, so i guess its their problem for not accepting defeat...

p.s ill WAS the best clan at that time....and a year after that time, when cw.cc came into play, they were #1 on the cw ladder their too a couple of times and won a few cups I think, only untill recently since henry started playing generals did they stop, ans they might come back soon

haha ur funnay.

Show some proof please, we are all dying to see it.

You weren't even in ILL, you were in the crappy sniping division that any retard could get in to. How many clanwars did you play then? considering you don't have a clue how the league works.

ILL has been dead since the start of 2006, Henry playing on his own with bots doesn't constitute a clan, rofl.

I remember playing ILL in gse - They said we were cheating because we were jumping in battle. I don't know quite what they meant, but the only jumping going on was our soldiers facing off theirs in city flying.

... Yeah they were bad.

I was in a few CW's for them, and most of them werent sniping so none of this "sniping division" bs. We won all the games I EVER played with them, and maybe lost a few games according to what I heard at the time. If they didnt win any cw.cc cups thats weird, on 3+ occansiaons when I checked the clan ladder, they were almost always top 10 and a few times in the #1 spot. So as you can see, whoever I have played, I have won (limited eceptions, not including anyone here), or if the person claims I never played them and has a really obvious lie as a excuse, ofcourse, they won't like me to say the least

Wow... You brag a lot. 99.99 % of people who brag about how good they are at games are almost the exact opposite as they say they are. You never proved yourself correct (as I know of) and it seems to me that you are really dodging. Maybe you did beat a lot of people, but did you ever beat any people who are actually played the game over a month? Honestly, I never played you, and I'm not that good, but litterally, STOP BRAGGIN!It's bratty and no one likes it. Just prove yourself worthy, and maybe people would start to respect you.
