[14:26] Trying to connect to server #1...Connected!

[14:26] Server is not responding. Trying next one.

[14:26] Trying to connect to server #2...Connected!

[14:26] Server is not responding. Trying next one.

[14:26] Trying to connect to server #3...Connected!

hey there! this happens, and after the third one it says "firewall might not be compatible with renguard" or whatever!

funny thing, it never happend before, fuck this!

I was encountering issues earlier as well, they appear to be more stable now.

Unless you can code something better, please don't insult people who spend their spare time trying to make this cheat free. Thanks.
