stealth he isnt a noob noob=newb=new at something
hes a n00b=The definition we're using on this site is a player who may or may not be new to a game, but insists on doing brainless things, especially things that hinder the team. Those who are defined by this site as "n00bs" will also refuse to listen to words of wisdom or, even worse, berate those who try to help.

n00bstories.com is your home for stories and tales of those who do stupid things in online games. It's also a place to vent your frustrations for those who don't play as a team and those who are a detriment to teamplay. The migration of gaming to Internet play has introduced a whole new breed of idiots for us to deal with.

We at n00bstories.com do understand that everyone was a newbie once, and those who are polite, those who go through whatever practice is supplied, and those who read a few forum threads before posting their question are NOT the target of this site. We applaud and respect you.

Be careful of what you download! Several groups are advertising aimbots, trainers, and relays which are infected with a virus that allows them complete control of your PC! Many current virus scanners fail to identify these viruses! If you recently downloaded an aimbot, trainer, or relay that

didn't work, you may be infected. Remember, cheating doesnt pay

Think the others wrote enough. ty for that.

Still a bit of our history.

SoQ exists from 2002.

I wasn't there from the start, but I am in SoQ for about 4 years, and I am the leader.

We have had 1 member who cheated on another account than with the SoQtag. So none here should have experience with it. As a member of a friendly clan attended me on it, I checked it out. When proved, I kicked that member out of our clan.

As all of the serious clans, we do have wannabes, who play under the name of SoQ. Mostly recognized, because they don't know how to use the caps good, so they play under the name of soq..... instead of SoQ....

Still most SoQ wannabes don't cheat as far as I know.

About 2 months ago, I heard the wannabe SoQJames was accused from cheating. Don't have proof, but feel free to ban him from all servers.

Yep, as we have a tag before our name, there is always a risk, someone uses that tag too and starts cheating..

A up to date roster can always be found @ www.sourceofquality.nl

ty for reading.

Sometimes, people from the best clans are caught cheating, with or without proof this can happen to *any* clan.
The only way you can really tell wether or not if they do cheat is when you personally know them for example, or when they are your brother/sister...

If one guy is spotted cheating in a clan, that does not make the entire clan "cheaters"...

(not saying anyone was or is cheating so hold your horses @ possible flames lol)

Im not saying it clans fault, my clan had 2 cheaters once too. The problem is with shit clans like BBF, where everyone knows that a member cheats, reports it to clan admin or w/e, and the clan says "meh", and in MANY cases, and the most recent one where BBF banned a member who did ALOT of things for 3 months, ROFL. Versus clans (like mine) who auto PERM ban anyone even caught TESTING any type of cheat etc.

But I wasnt really laughing at you, just the "ignorance" of your comment I guess you could call it, not calling you stupid, so dont take it like that, your just misinformed or not informed I guess would be the best way to put it.

He told me himself he used it for a while, im not doubting that. Point:

- a)hes been accused of cheating, several people (includng BiO clan) have accused him and hes been suspicious, but no one has had hard proof so many people say, well then it doesnt matter.
- b)he changes his name at a VERY similiar time to when it was the hieght of suspision around him
- c)makes the new account on this forums and uses it instead of stonecold, meaning he wanted to change his identiti obviously, for what reason, you take a guess.
- d)Id seen him ingame, he wasnt doing too well, he left both times he joined, 1 time it could have been another guy idk, you all have similiar names, but he never told me who he was or said anything like "guess who this is" because he didn't want me to know it was him.
- e)he only admitted to it being him when I finally relized it and confronted him with it, and the time he didn't leave the server after I joined

anyway, this is way offtopic, not a big deal but to me adds to the previous suspision

Him being kicked from BiO had nothing to do with cheating. Hell Ive been accused of cheating lots of time, mostly on public servers which is inhabited with players like yourself troop.

Im sure wiggles, spoony and all the others have been as well. Hell I have guys that acuse me of damage hax when I shot thier soldier with a havoc, because they die in 1 shot.

Actually, Renegade NEEDS more clans that care about respect and sportsmanship in the way that SoQ (on the whole), HT, KoSS2, WNx, NXC (on the whole), and a few others I have not mentioned here (LMSBC would be among them most likely) do.

Most clans at Clanwars.cc value sportsmanship very highly... it's pretty much the most important reason they play in the league at all. Yes, there are one or two exceptions...

On topic, course SoQ doesn't cheat and i think a clan of there status if found having a cheat would deal with the person involved just as any clan would.

I find a lot of people these days automatically point to cheats instead of thinking for a second that the person might be just genuinely skilled?

Wow, Your half-assed attempt at a semi-compliment was completely outdone by your sheer fagish knowledge of the fact that-

Now, I'll be gone for a few days, in this time, I would REALLY hope you say yes to my 1 vs 1 I wouldn't mind posting SS's of your hopeless excuse for a player going-
OMFG HAX!

And your deaths at 15, to my 5 (Yea, I'll give him alittle credit)
