just played fun war against a clan i think they said they were called RA...one with Ang3rfist in it...

anyway im sure they were cheating due to fact that ang3rfist shot straight at me with med when i was sbh... and showed some other peculiar behaviour... so any opinions...

anyone fight their corner...

I don't think they cheat, but I don't really know. Whenever I've played with them they've seemed like they were clean. Who else was playing besides Ang3RFisT?

I wonder what you'd say if you played my clan(rU) ;p

Was he shooting everywhere scanning for stanks and just happened to shoot were u were? Were u jumping up and down while being an sbh? Do u pick up a sniper rifle and were using the scope while being an sbh?

Ang3rfist is banned from the league but I don't think it was for cheating (pointpushing and breaking suspension i believe).

Considering you can't even use a mic or understand how a forum works I would guess you suck

and any half decent clan player will "cheat" in your "expert" eyes.

cool, try asking for a test maybe?

not really sure posting on a forum about how you suspect every clan that beats you of cheating, despite the fact you have no evidence, clear idea of what they were supposed to be doing or even screenshots of the game is the best way.

That reminds of St0rm >_<

They've banned people for being *better* than them.

personally i think it was esp, from *cheat name removed*so screenshots prove nothing, i got some screenshots and did test but if it is *cheat name removed*1.3 there is nothing u can do about it.

So i ask here to see if anyone has had similar experience, if there is no negative imagery of the individual then i just call him one seriously lucky bugger and leave it at that.

FrAM youve been on here in the past week twice accusing people of cheating, 1 which was a clanwars.cc clan. Which just a little word to the wise, if you play a clanwars.cc clan, chances are being new especially, your going to get spanked. Im not saying clanwars.cc clans are better then every single person/clan, just as a general rule thier teamwork is alot better then most.

FrAM I dont know how long you been playing the game, but to my knowledge Angerfist is kind of a douche sometimes, but I dont believe hes ever cheated.

FrAM, you have an obsession with people having Stealth Hack. You tested IHChrist for the same thing earlier. Just learn, splash can reveal shit too.

angerfist: banned from the league for pointpushing, suspension evasion a bunch of times, lying to several clans about whether he did it so they'd let him in

has he cheated? off the top of my head, I can't think of an occasion when it was proven, but it wouldn't exactly surprise me if there was

first of all i didnt test IHChrist that was someone else, second we draw against ekt the other day which aint half bad for a new clan,
thirdly like i said this werent splash he shot right at me...
then when i was out there later as sbh it was almost as if he were luring me to his med even though he had no idea of knowing i was there, he got out and back in everytime i got close.
