[img=http://img53.imageshack.us/img53/1543/objectsrn8.th.jpg]I'm looking to add these to my maps. And I have no clue if they can be found in Level Edit.

No, they cant, they are .w3d files.

You can only add them by gmax to the map itself, not though the Level Editor.

Well, do you know the W3D file? So I can use them?

Looks like the prison mission map to me. (With the PT being added)

I think that map might be the old roleplay map, but i can't be sure.

I think it's carnage club.

I know Kamuix put the Mutant Vendor in one of his server side modded maps, So I'm sure it's in Level Edit somewhere... Tried the Tiles tab in Level Edit?

Yes it's carnage_club_extreme. That's a quite popular infantry map <3
