The FR clan is now recruiting and is looking for some players who are willing to help a relatively new clan get off the ground, we have about 7 active clan members at the moment... we are willing to take in some weaker players and offer training... check us out at- www.FrEEzEsMarathon.thexwl.com

We currently have a server and website both fully functional... drop by at Freezes Marathon to say hi.

Everytime I see a post about a new clan I have a look and it's spammed by ppl saying "Go to hell we dont need your stupid clan" and wonder to myself why are the ppl that say that so mean? To me more clans means keeping the game going even longer so stop saying "Go to hell we dont need your stupid clan"

Edit: Does it matter he already posted just ignore it.
