k, i have a problem with my gmax Material Editor, I push on it and press M but nothing happens when i do, earlier like a few days ago it did, anyone have any answers??also, i wanna know how to add new textures. I used to make maps before but I quit, not i've come back and like forgot everything. What i'm tryin to add is a sea, like just water kinda movin like the ocean ya know. help please
