I've been loggin in with the same username over and over. The passwords always fills itself out whenever I type bluethen, and it wouldn't let me edit it. But for some reason, the password is invalid... Just like that! Same password and all! What the heck is up? o.O I can't log in anymore...

Nickname: bluethen

A) Someone's taken your nick
B) you left caps lock on

If A try here

Just put your Renegade disk in, open the installer, and uncheck everything that isn't the Westwood Online Components.
