After every map if you try to rec/kick/ban/ whatever a player it says they have not loaded yet, yet they have. Is there a way to get around this on NR or a fix?

Hmm... I tried to install SSGM and it said its not installed properly and it asked if I wanted to fix it so I clicked yes. I'm guessing its the one NR installs.

-.- I s'pose thats the reason then eh? I'll just wait for the update.
P.S. Thanks for all the help Nightma
