Have you guys seen this site before? [www.tv-links.co.uk](http://www.tv-links.co.uk) You can watch full length movies and shows. Movies that are still in the theatres. There is also this website - [www.videohybrid.com](http://www.videohybrid.com) - This also has full length movies, but not all of them work.

AFAIK is downloading (in the EU) legal, as long as you don't share it. As this site is the one  
shareing, not you, you should be allowed to watch these movies.  
The sites themself are probably illegal.

I think I might use some of my cash and buy ultimate bumble bee or something, the figure is detailed and transforms detailed into the 2008 camero, I forgot how much he is, but heck, local stores will have him onsale in another 2-3 months when the tranformers daze is over.....I always buy some memorabilia or figures when they are 50-75% off at target.

Blazer!!!!..... u gotta convince crimmy to go with u, it is NOT a kids movie. Its rated M over here in australia.

It has alot of halarious jokes, alot of which are adult humour.

Though there is no blood, there is alot of explosions and destruction. You do see a guy get stabbed thru. The sound is awesome in the movie.

Blazer, maybe u should blind fold crimmy, tell her your have a surprise, and take her to the moviie .

Seriously crimmy if you read this, u gotta see this movie it is FRIGGIN AWESOME.

FROST WANT TRANSFORMERS TOYZ!!!

lol, not really, the newer ones are kinda sucky, the only real good one to me is bumble bee 2008 model because he looks more like a transformer and not the cheaper toy of him in his 60's camaro form where his arms and legs are sticks.

Meh i'll just go see that movie at the dollar theater or something, tranformers and big movies alike I will see 2-3 weeks after it is released so theaters arent crowded, cause I am sick of going to the movies right after it came out, then have these bratty teenagers play with their cell phones and tell me to stfu when i complain, so then i get the manager and he think's i'm crazy cause he doesnt see any teens playing with cells because they ran off when i went to get him.....sooo....I like sitting by myself or a small crowd in theaters,

Just watched the flim, its great, but am little sad, there was less transformer action in it, too much human action really.

I wish it was more like the first transformers movie.

But still a great flim, a new cult classic.

awesome movie, watched it twice (once with family, once with friends). i missed one bit again each time because i needed to "go" when i was with my family, and again cos i threw a bucket of popcorn at my friend for dousing me with fanta. but overall it was a cool movie. i rate it out of .

Fave bit: Starscream smashes up the F-22s in mid flight

I just wanted the movie.  
Heres a better site then TV-links-  
www.free-tv-video-online.info

Other then the annoying break down of segments, and title at the bottom of the screen, it's a decent website with all new movies, still in theatres playing.

I finally bought the optimus prime action figure, not he huge 40 dollar one, I mean the smaller 20 dollar one, transformation is easier and he actually has some detail the big one doesnt have, I repainted it and made it look battle damage...still cant find the 2009 camaro bumble bee :/
