na, i kicked you out of AC, and now have honest, mature members... And with all the support I got (which it wasn't my decision to kick you out at first dumnuts)from not only AC members, but other clans.

Makes me smart, and u jealous.

-As far as im concerned the only people who called me stupid for it were, you, your 3 immature

idiot followers, and half the people who only knew you for like 1 week.

Yea, your clan may have *20-30* members like you tell every1...

In game, on forum, on msn, irc and w/ever.

-I'll give you that, think you've won?

But, I have a proudly patriotic small clan with evidence of each member organized so that they can be contacted if you want to meet them and we simply don't care what others think about us because thats your problem, not ours so we have nothing to hide.

-So gg.
