Ok, so I am making a tow truck for RP2 because it would be cool!

Thoughts?

PS:I know the headlights suck anus I will replace them later.

Role Play 2

Less square front end

Front end is slightly smaller

Bump/normal map for a grill etc

Bumper shaped like a real one e.g. (|_|_____|_)

Rear view mirrors

More than one light per side

Any chance of a peek at the wheels?

Wheel is just a cylinder with a chamfer on the edges.

As long as it doesn't look like a box on wheels, I might bone it and put it in for fun.
