Its not released yet, come back in a few years time.

The % of this community that doesn't know about the older version of Reborn amazes me.

cnc-sources website is still broke so I can't get you the link. :V

I made a torrent of the old beta recently.

<http://torrentbox.com/download/113073/Reborn.torrent>

Enjoy at your own risk. Don't bother with Windows 98.

try lime lime lime

i wonder what you could be referring to hmmm...

and anyway, the old beta isn't that good tbh. it does make me want to getty the NEW one now but its not released yet
