I think most people are aware that Duke gaming suck at ren and also hack.

Unfortunately there isn't a lot you can do about other than not playing them, not visiting their
server and banning PROVEN cheaters from your server.

Posting the IP means that people can ban this fool at will

If you are in any Group/Clan you share their reputation and thus, yes, Duke Gaming sucks and hacks.

Let me clarify that Duke gaming sucks.

They suck for blindly supporting a CAUGHT cheater. Also, they suck for defending him.

Or, in SK language, they FAIL.

Sorry Dukie never had an issue with you, but the only things I EVER hear about your community is about bad modding, lack of sportsmanship and cheats.

Don't take it personally man, I like you but I speak my mind honestly.
