I feel like I'm scouting for the next big actor, but I'm not...

What I'm really lookin for is a new kickass movie made in Renegade with Rp2. Yes, this is a contest, and yes the winner gets a prize.

Basically, make any sort of movie on any subject, again has to be on Rp2. Winner gets some neat personalized stuff added to the map. You got 3 weeks to do it (August 10th is the deadline)

For the full explanation and rules, click here. (Recommend you read it cuz entries that don't fit into the guidelines will be disqualified. All that hard work blown to shit...)

Have fun, hope to see many entries.

Dang, me and a few other people are making an entire series already (I made the script for all the episodes but have only filmed one). The first episode is 13min+ but lacks voicing. It can't be entered right?

A clip of it can be entered. Just find what you think is the best segment (as long as it's between 1 and 5 minutes) and send it over as an entry.

You know, I would make a video, But when I record and import my video into Vegas Video, All I see is a black distorted screen. :\

So yeah.. I don't think I can participate.

Unless I used Windows Movie Maker.. Not even God himself would resort to such noob ghey-ness!

Well, we made all of ours in WMM, and they aren't that bad, are they?

Well with Vegas video, I have alot of control over my video and better rendering options. (Fully customizable, Sound and Video.)

But your videos had alot of effort put into them.

Appreciate it. And now that I think about it, the latest RP2 promo vid was actually done entirely in Flash... All the movies before it though were done with WMM, with every ounce of usefulness squeezed out of WMM.

Also, I've heard Pinnacle is good for movies...

Hehe, Well yeah, If I can fix this bug in Vegas Video, I could get my video in just in time.

DON'T FORGET!!

Today is the last day to submit any entries you have! You have until 11:59 PM EST to get it to me or Canadacdn (seeing that Blazea58 is temp. offline due to PC repairs).

All the info is in the first post, even if you wanna make just a quick movie. So far we've only received 2 entries. We're judging on quality over quantity, so even a kickass 1 minute movie could win.

Double post again, sue me...

Anyway, we have a winner of the movie contest.

With only 2 entries it wasn't that hard to pick a winner.

Both Nopol and Sniperhid submitted entries. Nopol chose to submit the bloopers for his series filmed on Rp2. Sniperhid decided to submit a freshly made movie.

And the winner is....

...

Sniperhid!

Congrats! Sniperhid's entry can be seen here (8.7 MB .swf). Nopol's entry may be seen here (39 MB .wmv).
