This thread seems more fit for the Silo than Heated Discussions and Debates, as it is neither.

Which begs the question, if you don't play Renegade, why are you trolling the Renegade forums?

Let me clarify: I play mods, not Renegade itself.

Doesn't change the fact that Troopr seems to be getting a huge testosterone boost everytime he challenges someone to the infamous "1 versus 1".

Because he wants to still be a part of the community? That would seem to be a likely reason. Heaven forbid that we don't all play the game still.

I haven't played this game in about 6 months. Even then it was only one game here or there.

6 months without Renegade? Amazing...Renegade is my food. I played RA2-YR from the summer of 2004 to January 2007 EVERYDAY. Then I bought Renegade in January and have been playing ever since...this will last for another 2-3 years or until circumstances change dramatically.

I'm surprised it hasn't been brought up that troop is an acid-spewing bigot.

Who exactly is "your type of people?" Who exactly are "French renejewes?"

Heil trooprm02!

I think the same too. Last week, I bought Halo for PC and played it. I thought it will finally break my Renegade addiction but no. Renegade won over Halo.
