well first of all he didnt seem like he knew wtf is going on to begin with. and now if he comes back he will/should/hopefully realize he posted in the wrong forums to begin with. so do you expect him to still come back here and post?? whats he going to say?

sorry im a noob? we already know that lol.

and whats with you people wanting your post count to go up so badly? all it really shows is that you have way too much time on your hands to be posting "post count +1" and not enough knowledge to actually go into different topics and post something usefull so that your post counts go up for a legitimate reason and not because you managed to get in some retarded thread and post so crap before the mods get a chance to lock it.

or mayb its just me being in a bad mood today because im at work, hung over and only got 4 hours of sleep.

You are at work huh? HA HA, you have way more time on your hands than us and are being dishonest to your employer by visitng Renegadeforums.com while at work.

P.S. Oh and thanks for speaking up...you give me post count +4.

I've played with him a lot of times on n00bstories. He's not only a good player, but he's also a teamworker as well.

Chances are, if he got banned, the message told him to go 'to the forums' ... so he probably Googled 'renegade' and 'forums' and came right here.

Seems like he may have fixed his problems, but still... he's not going to be too happy if comes back and sees that people are being total dicks to him.

HOW could not know which server you've JUST been kicked/banned out of? Plus most servers have messages that say "COME TO OUR FORUMS BLAH BLAH BLAH"

Yeah I think the Renegade leadership is taking a month off in the most crucial times just like the Iraqi government has done this month. LOL.

We had an awful lot of spam lately...especially the past 2-3 weeks.
