please double check with yourself to see if you don't first before you accuse someone else and how exactly would you know without yourself being one and I think if you get an ip check on that lone and on me you will find out that is someone else (most likely you trying to get me in trouble since you cant handle being pwned)

and on that note PLEASE STAY ON TOPIC(even though you weren't in the first place) and don't spam this post!

LOL, btw, I saw a player by the same nickname is jelly the other day, I said the same thing, "why is a known cheater not banned". He just said "prove it", not doing a quick search of the cheating forum shows no member with that account, account deletion ftw? Im guess he also got the admin to delete all his posts too, but I think i have a SS with him in it aswell, Ill find it hopefully
