james bond a squiriell?

this thing can do it all, it's got skill, gadgets, a fancy ride, action music, and everything it needs to get to the food. it can even sneak into candy bar machines, and get it's way through and come out with a free candy bar.....watch the video.

Since the last movie, my interest in the fandom has decreased dramatically. Srsly, wtf happend with that?

Weird thing was, the actor was my teachers son. she left school a while ago to retire but yeah...

Lol i want one so bad, I would keep it as a pet and use it at vending machines outside walmart, the machines outside always eat your money, so i'll use a animal to steal the food to make up for allllll the money i lost over the years.
