So I am looking for a new headset and I figure I will ask if you guy's know of a good one. My old headset bit the bucket, the mic dose not even work anymore. Just stopped working.

Ok I found one I like here.

Didn't we have one of these topics not so long ago. As I mentioned in there if you want a decent headset then go for the Creative HS-600.

No more hot ears .

I have that headset... it is good... but it hurts my ears after wearing it for more than 20min.

Sounds painful.

<http://dictionary.reference.com/browse/pare>

Key - Show IPA Pronunciation

–verb (used with object), pared, par-ing.

1. to cut off the outer coating, layer, or part of.
 2. to remove (an outer coating, layer, or part) by cutting (often fol. by off or away).
 3. to reduce or remove by or as by cutting; diminish or decrease gradually (often fol. by down): to pare down one's expenses.

If it pains you so much to see someone misspell a word, miss a comma, etc., give them lessons in private because we don't want to see it on the forums. However, we would appreciate it if everyone's post was at least legible.

Bet you knew this was comming
