Downloading now... 49.6mb un-compressed.  
You want to zip it first before uploading.

I have a feeling of deja vu, you don't happen to dislike aircraftkiller do you? (you mosy likely won't get that joke, but it 's not intended to be hurtfull). I look foward to trying it out.

Ah dude, it's my fault really. There was some newbie a long time ago who made a mod package and was quite similar in allot of respects to you.  
There was also a dude on these forums that was known for being a bit of an ass-wipe to people and he gave him a hard time over his mod.  
The thread got pretty "famous" in this community and the replies you see in this thread are quotes or paraphrases from that hthread.  
No one means any harm. I'm sure people will try and like your mod. Keep at it fella.

Yeah, don't take it personally, it's just a well known joke. Good luck though.

LOL! That sentence contains such horrible grammar. Every time I read it I catch something new and forget something else. And yes "GLACIER" is defiantly the worst Renegade map ever, I mean it's so bad that servers continue to host it to the date (I personally love that map). Too bad no one was around to teach him Microsoft Word's "F7" key cheat. Although, that grammar is so bad I could possibly crash it.
