Warez: This is a warez-free forum, and supports legitimate ownership of all games, software, music, movies, etc. Do not come here looking for CD/DVD images, serials, or any other form of warez.

And definately don't post it in the subforum dedicated to the support of the Renguard client, whose makers (BHS) are pretty much the organisation responsible for Renegade now, due to Westwood going, and EA not caring.

On a more postive note, you can buy the game for very little from somewhere like Amazon

You are a dip shit. Clearly he ment the patch. I hate you.

Even if he cracked the game, XWIS wouldn't let him play online without a valid serial, correct?
