Pfft, you have to get past Michigan State first sir. I've been to plenty UofM vs. OSU games in the past. There's nothing greater than seeing 110,000 fans packed into The Big House. Ohio State has yet to develop a full circle. Horseshoe = Lose

You don't have friends. So no.

Not really. I was looking for some vets and trying to reaffirm some old friendships I had from back in the day.

Sad to see this shadow of what was....

Renegade used to be a social event. Then again, so did CSS on the renevo server....

I don't play games anymore that don't have a social aspect to them anymore. The only SP games I've finished in the last year are Ep2/Portals. Games just aren't fun without friends to play them with.

You might want to think about playing America's Army and visit their gaming forums, pretty much nothing but Vets over there.
