I was watching some gameplay of the original Call of Duty and whenever the American sergeant spoke, I swore I knew his voice. So I looked it up on IMDB and found it was Jason Statham.

That satisfied me a little, but I couldn't remember where I heard his voice before (other than his movies). Then it hit me.

In the second mission, one of the civilians you rescue in the village tells you to watch for Nod machine guns and tanks beyond the tunnel. He sounds very similar to the sergeant in CoD.

Does anyone know if he did some extra uncredited voices in Renegade?

A lot of ingame voices sound similar to each other.

IMDB contains the names of everyone (judging by the number of additional voices in there) who voice-acted in the game.

Voice of Havoc =

Not exactly what you would expect him to look like.

Wally Wingert might look a little weird, but he's a really nice guy.

I love it when I find familiar voice actors. I was playing Dawn of war and the second I clicked on a unit I yelled DINOBOT!

Gotz to love the Dinobot.

I got excited when I recognized Rene Auberjonois (Odo from DS9) as Dr. Mobius. Then I looked him up and realized he's been in a crapload of other stuff I've never even thought of.

Udo Kier another great actor portrays Yuri from Yuri's revenge and he has been in lots of movies. Most recently in Halloween (the remake) and Grindhouse but some of my favourites that I have seen him in are End of Days, Armagedon, Blade and Jonny Mnemonic.
