Haven't watch tonights episode yet since I'm tired and I like to watch the good shows with a clear head but I'm more upset with the laziness and just plain bad business all the networks are letting the shows get away with now.

This season of South Park was split in half....months apart and also family guy just got a 3 week break because the next new episode is on Nov 4th.

This week skipping or even worse month skipping is bullshit and I can't believe all the networks seem to be making it a acceptable or even a standard!

EDIT: Not to mention this Lost bullcrap....JJ Abrams basically abandoning us Lost fans for his other crap and now we will only get 16 episodes instead of 24 and also they are going to be spread out over time to make it appear to be a full season.

GAH I hate this crap..

(Obliv loves his Telly)

EDIT2: So much that I've been watching every successful tv show over the last 30 years....soon I will get my own show and I will have the perfect ability to know what works and what doesn't work...30 years...name it, i've seen it from pilot to finale (If it was successful anyway.)

The only exception is Golden Girls and Murder she wrote. :Shudder:

All I have to say is, you watch WAY TOO MUCH television. Fuck T.V. It's gay as it is, except for a few shows. Somehow even those few shows get really gay and annoying sometimes.

You can never watch too much tv! When you live alone and never go outside there is little else that will keep your mind from wondering....

Tv is my friend.

Me and Johnathan Archer are in the expanse right now.

Not all of us enjoy people.

There is nothing out there that I can't get in here without the awfulness of people.

My way is much faster and I don't have to drive someone I hate around all over the damn place first.

10 minutes tops and I'm back to doing whatever I want to do.

Viking and I have a history outside of RenForums so I can sometimes get carried away with the details.

Basically this is my intention with him:

EDIT: Or maybe a Buffalo Bill/Goodbye horses kinda thing...he never picks so I guess the coin will choose.
