London's a shithole... compared to most large American cities it doesn't even have the decency to have an attractive skyline.

As for the knife poster, yes, welcome to England... hoodies with knives and guns rule the streets, kids shoot and stab each other on a more or less daily basis and the only two things our police clamp down on are motoring offences and political incorrectness (unless you're a Muslim)

England's my next place to visit overseas.

But Dallas ftw. Not only cause of the skyline, but because our highway system looks like this:

Everything's bigger in Texas.

I'm hoping to stay for 2-3 weeks. It's almost a year away so a lot is up in the air. I'll be coming with my aunt, maybe Blazer if he wants to come. Definitely planning on meeting up with people.

believe me, if all of England's knives were in the hands of emos the country would be far better off.

I realise that sounds like I'm wishing death to all emos, but I'm sincerely not.

Aren't you cool.

Learn to look at things a little differently. Let me just generalise slightly (Italics are cool!)

What does Crimson do? Amongst other things, she plays a game. Yes, that is a computer game, but it's a game, a form of entertainment. Just like, say football, rugby etc etc.

You're clearly mocking her for wanting to meet people who play the same game, so they can have... a game!!! Footballers do this all the time, and GET PAID. Go laugh at them...

There's no difference. It's people meeting up because they have common interests and will probably get on, and just have fun.

If anything, it's more modern (I'm going to so get addicted to these Italics....) than other forms of entertainment, so makes yet more sense. (People bore of things quickly, not Renegade, though... hehehe)

People like you annoy me, clearly. (I'm addicted now...)

Crimson, we usually have a KOSs2 meeting around Sept. Maybe we can meet up then . We already did England in 2k7, though, so unsure if it'll be there again.

Playing Renegade isn't really what I do... It's like, 5th place at best... underneath my real job, my business, Blazer, and my social life. Nor would my entire trip to London consist of meeting people. It's just silly to travel that far and be that close proximity to people I've known for a few years and not have a little meet-up.
