the idiots guide to:

HOW NOT TO BE A NOOB @ RENEGADE.

I have got no ideas on how to 'fix' noobanity except for .45 calibre brain surgery.

-but that has a verry slim success rate...

any posts from veterans or even "shiver" noobs (just the thought gives me the creeps) will be appreciated, or made fun of.

happy hunting, I mean, helping.

Quote:...n00b on your FIRST POST.

The term 'n00b' does not apply to his first post. Though, the term 'newbie' does. If you want to get technical about it..

n00b, noob, newbie, I use them interchangeably. I don't care to be technical about it as I don't really care, n00b is a noob is a newbie.

n00bstories.comWhat is a n00b (not noob)? The definition we're using on this site is a player who may or may not be new to a game, but insists on doing brainless things, especially things that hinder the team. Those who are defined by this site as "n00bs" will also refuse to listen to words of wisdom or, even worse, berate those who try to help.

n00bstories.com is your home for stories and tales of those who do stupid things in online games. It's also a place to vent your frustrations for those who don't play as a team and those who are a detriment to teamplay. The migration of gaming to Internet play has introduced a whole new breed of idiots for us to deal with.

We at n00bstories.com do understand that everyone was a newbie once, and those who are polite, those who go through whatever practice is supplied, and those who read a few forum threads before posting their question are NOT the target of this site. We applaud and respect you.

Be careful of what you download! Several groups are advertising aimbots, trainers, and relays which are infected with a virus that allows them complete control of your PC! Many current virus scanners fail to identify these viruses! If you recently downloaded an aimbot, trainer, or relay that didn't work, you may be infected. Remember, cheating doesnt pay!

I didn't realize numbers replaced letters in the English language..

Hmm, Maybe BBC can inform me on this.

noob = Asshole who ruins the game deliberately, newb, or newbie = Someone who is new to the game and wants to get better, so he asks questions and uses common sense.

So when you read the word n00b in your head you read it as n-zero-zero-b?

How about being a team worker, attacking the buildings, donating money to the poor people and rushing together....that usually works and makes people trust you in renegade...
