i have a question how do i animate my own characters (i feel like making a World Of Warcraft mod i have the models ALL of them) heres a look at a character and weapon

<http://www.fileden.com/files/2007/5/25/1111692/characterandsword.PNG>

so can anyone help me?

I didn't know you could use this in game, thought it was just a model, lol

Anyway, had this for a long time, added to Game-Maps.NET
