STFU.

Although I do agree to some extent. The only large server that hosts fanmaps is UNRules, and there's a hive of scum and n00bery if I ever saw one.

Yea that is a dumb bug but like I said above there is quite a few as I see it they are just smaller ones, one example > SilverBullet 5-A-Side[NEW] sure it is only 10 player server but it is there and sure there is not many players in it too much but if you join I'm sure others will follow.
