As of late - Sadukar09 has really become a pain in the ass with all his off topic flaming in posts that do not have anything to do about him.

All I am asking is for everyone who has had his abuse directed towards them or their clan, post here with some details and maybe we can get something done about it.

I am really tired of this kid swearing his head off and putting people and clans down on serious topics that are up for discussion.

The Elite Officer vs. Sadukar

Ferkat vs Everyone

Troop vs everyone.

You'd think that after every topic they all post in they'd get tired of fighting like little pansies, nope, they continue to fight.

Although Troop is an exception, Because his stupidity can be on another level.

I play this game with my 2 boys who are 15 and 10 and they like to read the forums as well and I can make allowances for some swearing but the "cocksucker this and suck this and put it up your ass" comments by Sadukar is going way too far.

Anyone who knows me knows that I like to joke around and have fun as well as a high tolerance for other peoples shit but this is only time I have gone so far as to try to get someone banned from the forums.

I understand where you are coming from, so if you want to ignore someone, head to the "Control Panel" , and find the "Ignore List" button, on the top menu.

Click the button, punch in the name, and it should work.

Um, EKT has always been the shit-stain of WOL clans, Sadukar knows I was always right whenever I said something about them, after he quit slitting his wrists, he finally saw (after months) how bad they were, and took my "advice" and left. Funny thing? The entire time he was defending them, yet at the end quits, and now is called other EKT people faggots, ROFL

Second point, he is a lonely kid, he's obviously gonna take this as me insulting him, but really, he has this site set as his homepage, he doesn't play any sports, no other hobbies, what else is he gonna do. In all honesty lol, I wish I could play ren 24/7, im sure it would be fun for the first few months, but in the end..you get the point. The only thing that can be said, is atleast he's "passionate"? He's 1 of the few people left that show they actually give a dam about this game on this forum, and thats more than can be said about several people, including you mr.stereodog.

If you think ive forgotten about jshultz/{WG}, your wrong, that whole clan was just a big cheatfeast,

which makes me auto suspicious.

No idea where you got that from, but even so, cheating does not compensate that fact. 2 people? Thats it? Ive shown this to atleast 6 people, that are into FPS games, and they all play it now. That's always been fake, if you check the actual server on XWIS it's empty most of the time.

Once again, another topic full of bullshit, idiots, and more bullshit.

If you got a problem, take it out through PM's. I'm pretty sure this is more about arguing politics and whatnot, not "U SUCK" "NO U" and some shitty image macros whipped up in 5 seconds in paint that will be forgotten 2.3 days later.

Also, anyone posting after me likes it up the ass by a horse.

OKAY. You know what? I know Troop dislikes me, and I know sadukar dislikes me. Thats good because I dislike both of you as well. Its time for some sense to step in here.

Sadukar: What the hell is your problem man? Did your parents abuse you as a kid? Did your girlfriend tell you to go eat shit and die? Perhaps you rejected as some sort of fashion model as a small child? I don't give a damn. And no one else here gives a damn. You think your smart, witty, intelligent, cool for being a total ass hole at every corner? You think people respect you for that? Kid, you don't even know what the real world is like, do you? Or maybe thats your problem. You've experienced too much of it, and you go home to try and act like a big kid on the internet. This is a fucking game forum for christ's sake. Try acting like someone who has half a brain instead of an idiot who has NOTHING BETTER TO DO WITH HIS LIFE THAN TO SIT AROUND AND PUT PEOPLE DOWN A FREAKING REN FORUM. Oh, and you being the big man you are, I'm sure you'll just say, "You faggot", or "Stfu noob". But go ahead man, go ahead. Because it doesn't make you cool, it doesn't make you smart, it doesn't make you witty, it just makes you more of a repulsive, hated, son of a bitch which if you died yesterday, no one would give a fucking shit about.

Troop: You criticize sadukar for having no life, and for being a retard, right? Turn the microscope on yourself once and awhile. Have you ever thought maybe YOU are the retard? That YOU are the one with no life? Hey, for all of his faults, I don't see sadukar posting huge paragraphs of crapping trying to legitimize his own views and make fun of someone else. Your as gutless, stupid, annoying, and hated as anyone else here is. You need to take off the diaper and grow some freaking balls and stop being such an ass whipe to everyone, just like sadukar, so don't even try to make amends for it, because I don't care and no on else here cares.

Both of you: I'm sure being the intelligent and mature people you are, you'll just come and write some huge paragraph about how bad I am, how retarded I am, how much of a noob I am...I couldn't care less. You'll probably just laugh at this at first, but you know what? At the end of the day, even though you may have laughed at ME on a game forum which doesn't even make a shit of a difference, you'll think about how much, real or fake, people hate you in the world, and how much both of you don't matter at ALL in the world's grand scheme of things. If you had any intelligence at all, any balls, any gusto, any witt, you know what you would do? You'd get the fuck off the game forum, go find a girlfriend, go find a sport to play, go find a job, and stop wasting your life harassing other people.

You know, for a guy who everyone essentially hates, and is considered to be a complete dumb-fuck, you sure do like to use "we" a lot, as if you had friends here who would agree with your position. While I think you're on the right track, I think you're still a bit too involved in this, as well. I ignore them both because neither ever provide anything insightful. I mean, they both have the ability to, as I've seen SOME intelligent posts from them, but they like to just turn their back on tact every chance they get.

I would just suggest to put them both on ignore and just leave it as that. The people I have on ignore have annoyed me so much, but once I put them on ignore, they've been only a blip on the radar when I've seen they've posted again, but I don't have to be bothered by reading it.

You can all pitch in on this:

Who actually LIKES troop? I'm not saying who can find him almost tolerable, I'm actually asking who thinks hes a swell guy, and who thinks hes a dick. Please vote.  
GET. OVER. IT.

Are you sure that you're old enough to have a 13 year-old daughter? Seriously. You're obsessing over random forum trolls like some prepubescent twat.

And let me guess, YOU are mature enough to criticize someone else without knowing WTF is going on and without being part of the argument? N0 Th4nx plz3.

Yeah, I do have a 13 year old daughter, I'm 37 years old. I'm not mad, I simply find his antics amusing. Thats what sucks about the internet, unless someone goes out of their way to show it, you can't really see if someone finds something funny or is getting upset about it. For the record, no, I'm not mad, not mad at all. I don't hate troop, I don't hate sadukar, I just see them both as immature fools and would like nothing better than to show them how incredibly retarded they act on a daily basis. Thats all.

Do yourself a favor...Try to stick to your own business, and keep out of others

Maybe you should stick to not making assumptions, "sir". Did I ever say that you were mad at them? Just in case you don't know the answer to that question, I'll answer it for you. No, I didn't. In fact, I said you were obsessing over those two. Being obsessed over and angry at are two different ideas.

Now that I made that clear, I don't give a fuck what scenarios have played out for your obsession to have taken effect, but the fact that you're making it a goal to prove both people "fools" supports my idea that your obsession is that of a prepubescent child on the Internet. Laughing or not, it's still an idiotic obsession.

No obsession is healthy. Thats part of the very social-definition of 'Obsession'. Being obsessed with something is essentially, an addiction. You can't control your desire to do or not do something. It could be giving away money to little crack babies, but it still wouldn't be good, because you'd lose all your money. Like I said, NO obsession is health, its just that some are worse than others.

Anyway, we're splitting hairs here, theres nothing to really argument in my opinion.

–verb (used with object)

1. to dominate or preoccupy the thoughts, feelings, or desires of (a person); beset, trouble, or haunt persistently or abnormally: Suspicion obsessed him.

–verb (used without object)

2. to think about something unceasingly or persistently; dwell obsessively upon something.

Source... Dictionary.com

No where there, or anywhere it say's that it's when a person can't "control his/her desire"

It means your thoughts are overcome by something. If I had an obsession of donating to a charity, it doesn't mean I'd be uncontrollably donating. It means it's always in my head.

Interesting.....So they define the word "Obsessed" with "Obsessively"....I thought that wasn't possible? Oh, right. It isn't. However, a minor infraction I suppose.

Lets see...

To "dwell obsessively upon something". Now lets see, by your definition Obsessive means: To DOMINATE the thoughts, feelings, and DESIRES of someone. Now lets see what "Dwell" means:

"to linger over, emphasize, or ponder in thought, speech, or writing (often fol. by on or upon): to dwell on a particular point in an argument."

Hold on, now lets look at "Dominate":

1. to rule over; govern; control.
2. to tower above; overlook; overshadow: A tall pine dominated the landscape.
3. to predominate, permeate, or characterize.

Ahhhh! I see now. Okay, so apparently what your saying is this:

Obsessive means: To CONTROL the desires, feelings, and thoughts of someone.

Now, I'm no genius, but I'd kind of say that if something else is controlling you, and to become obsessed, I wouldn't say YOU are in control. Oh, and hey, that 3rd definition is interesting, "characterize". So it characterizes you. You are characterized by your obsession. Oh and hey, lets not forget Dwell. Apparently you linger on the obsession and constantly bring it up. Gee, what is this starting to sound like? It sounds like someone may not be in control of their actions, thoughts, feelings, or desires.

Sorry Blue, but you fail on this one bro

Silly old man, you need to realize in what context "dominate" is being used. It is probably best described by the third definition. Let's look at it, again:

3. to predominate, permeate, or characterize.

Now, to predominate means that it just merely has more influence and you dwell on it more than other thoughts. It doesn't mean it's controlling your thoughts, necessarily.

Oh, and you completely miss the point of "characterize" in this example. If you're to replace it with "dominate" in the definition of obsession, you would realize it would say "Characterizes the thoughts". Nothing about characterizing someone. Just because a thought may be more affluent in your mind than other things does not mean that it is controlling you.

But domination and control do, and those are both definitions of the word 'Obsess'.

I suppose you can interpret it multiple ways, however, my way is still 100% legitimate.

2. to think about something unceasingly or persistently; dwell obsessively upon something. Interesting.....So they define the word "Obsessed" with "Obsessively"....I thought that wasn't possible? Oh, right. It isn't. However, a minor infraction I suppose.

Lets see...

To "dwell obsessively upon something". Now lets see, by your definition Obsessive means: To DOMINATE the thoughts, feelings, and DESIRES of someone. Now lets see what "Dwell" means:

"to linger over, emphasize, or ponder in thought, speech, or writing (often fol. by on or upon): to dwell on a particular point in an argument."

Hold on, now lets look at "Dominate":

1. to rule over; govern; control.
2. to tower above; overlook; overshadow: A tall pine dominated the landscape.
3. to predominate, permeate, or characterize.

Ahhhh! I see now. Okay, so apparently what your saying is this:

Obsessive means: To CONTROL the desires, feelings, and thoughts of someone.

Now, I'm no genius, but I'd kind of say that if something else is controlling you, and to become obsessed, I wouldn't say YOU are in control. Oh, and hey, that 3rd definition is interesting, "characterize". So it characterizes you. You are characterized by your obsession. Oh and hey, lets not forget Dwell. Apparently you linger on the obsession and constantly bring it up. Gee, what is this starting to sound like? It sounds like someone may not be in control of their actions, thoughts, feelings, or desires.

Sorry Blue, but you fail on this one bro

So... is everything you pull out from between your bloated face cheeks concentrated bull-shit?

Someone's just mad because they're wrong >.>

\*Tee hee\*

No. I'm not wrong. Stop being ignorant. I said that you are saying complete bullshit.

Where the fuck did you get the idea that I was saying "TO CONTROL YOUR OBSESSION"? I wasn't even remotely saying that.

Lol.  
Nothing to say?

No, I just find it funny. I'm obviously correct you don't want to admit it.

I think you're being a bit "Obsessive".

Because from your example, Obsessive means "Something else controls your desires, feelings, and thoughts". In other words, YOU don't have control over those. Something your "obsessed" with does.

Look, its okay to be wrong. Just give it up.

Nothing can control your actions. You are the one to ultimately choose what you are going to do and when.

However some things are harder to not do than others. For example: drug users. It is possible for them to simply stop doing what they do, it is just very hard.

No. I've had MythHavoc and my older XWIS name before that (AGEKajobe) Since back in the Nox days, before Renegade even came out. WOL has always been 9 letters.
