If you don't like the server or people in it don't join it, simple.

A modified weapon does not mean someone used cheats. As stated in the link BlueThen posted, there's really no point to using a cheat when you can heavily modify your server the way Kamuix does.

Edit: If you hate us so much, why are you in the server playing right now? A bit hypercritical no?

I was wrong. You're actually doowtesw3.

Anyways, there is no proof that Kamuix uses RGH, and I really doubt it. He has no reason to cheat, and the only server he plays on that I know is his own.

Honestly, you're probably the only idiot who actually believed Orca. Kamuix was spawnkilling him to keep him from spawnkilling others as I recall, you can't suddenly assume that Kam cheats because someone say's he cheats.

I second that! We get alot of noobs becuase people can just build up ALOT of them noob defens and just camp. Heck that's not fun...

But yes, I must say if you play on kamuix and don't like it, why complain about a server you don't like? You can complain if you like somthing but 1 specific thing not.

And for Orca? He has been annoying our forums for a while I must say can't he just be quite? He shouldn't be comming back if he doesn't care.

And Rocko,

Why do you complain if you almost never play there? There are alot of other servers that wouldn't mind having a player of your status. And yes we don't have alot of players becuase:

- a)noobs hate the small defenses
- b)we aren't that big (wich issn't needed)
- c)depends on the time

We have enough regulars wich provide a nice atmosphere so hey...

P.S. Crimson, do you know perhaps when the Wikipedia will be back up? :s

I can list about a dozen people who are disgusted at your stealing. It was just absolutely stubborn how you just went about asking about Kam's server, and then stole it and took it as your own as if you thought of the idea.

Can't you honestly think of something original for once? I go to your forums and all I see is stuff taken from Kamuix's server.

That's not the point. AOW, DM, and conversions are all very common ideas.

This is different, and more specific. Wittebolx did not only steal the general concept of this mod, but he stole many materials such as the flame turret.

It's like working really hard on something, and then someone basically steals it and say's that they created it.

I didn't even have to read this whole topic to know it's another steaming shit pile created by rocko.

If you think kamuix servers suck, don't play it. If you have good reasons why, post in more detail with proof.

Saying "LOLZ HE CHEETS IN HIS OWN SERVER!11" is a retarded reason to hate a server. More than likely he was testing stuff. Again, if you really don't like it, just don't play it. If your intentions were to make other people aware that it is a "bad server", you have two options:

Post a long detailed explanation with undeniable proof that the server is bad and should be avoided. And no, 1 sentence is NOT long. And maybe, just maybe, a few people will listen.

Or, just let them play it for themselves to see that it's actually stupid. If they like it, then they like it, and your arguement of it being bad is simply a personal opinion. One that should be kept to yourself.

If you think kamuix servers suck, don't play it. If you have good reasons why, post in more detail with proof.

Saying "LOLZ HE CHEETS IN HIS OWN SERVER!11" is a retarded reason to hate a server.

More than likely he was testing stuff. Again, if you really don't like it, just don't play it. If your intentions were to make other people aware that it is a "bad server", you have two options:

Post a long detailed explanation with undeniable proof that the server is bad and should be avoided. And no, 1 sentence is NOT long. And maybe, just maybe, a few people will listen.

Or, just let them play it for themselves to see that it's actually stupid. If they like it, then they like it, and your argument of it being bad is simply a personal opinion. One that should be kept to yourself.

That first sentence just proves that you are an ignorant asshole. Maybe you should stfu and stop being so lazy and read my reasons you retard. Keep your holier than thou comments to your faggot self.
