This guy has sent me several PM's asking me to help him make cheats, and is trying to recruit me into making cheats. I don't know if he has approached others too maybe?

I reported the PM, but he is still doing it.

Hmm, not sure the posting PM's is cool man. Usually anything that is said to me in a PM is taken in confidence.

If someone contacts you in private telling you they intend to harm several people, do you not tell

the police, if you think it will happen? Same idea here.

No doubt that when it all went tits up reborn would be blamed for not saying this. People here will
find problems with anything and everything you do which is pretty tiresome.

Betraying a friends confidence is a bad thing. But he is not my friend and I would be glad to be rid

I agree showing private messages is a little shitty, but this is not really a general case.

they shouldn't be there's a problem. Any of you have proof that he planned to do just that?

I vote we should ban this user for being a cheat supporting idiot.

Reasons, why?

Because he can't read.

The first post had screen shots of his messages to reborn, saying he wanted the cheats so he could cheat on his brother.

I'm a cheat-supporting idiot because I can't read? Well you don't seem to understand logic, so you must be a racist. It also seems that you don't know how to use a comma. I think that qualifies you as a spammer. Of course, this is all with your logic.

Him cheating in a game with no rules doesn't prove that he's going to cheat in games with rules.

lol.

He's trying to say:
Hello. My name is Carlos. I am tall, funny and fat. I am from Charleston, SC, but I live in Chapel Hill, NC. I like to eat, swim, and work. I do not like to skate and read, and I do not like school. I wear black jeans and blue shirts. And you?

At parts, what he's said seems broken to me. I've only had one year of Spanish and I didn't learn very much, so I'm not going to try and correct him.

Taking Spanish I, Elite? And FYI, you spelled some words wrong.

What a tool.

He probably gave one of those cheap Spanish presentations in front of class. And now he has to vomit that here...
