No need to be sarcasitc about it. I support people who release their work. Even if it is very basic.

You deserve a lot of money right now for making this ingenius creation. some peoples dont know how to do it, so i released my colors... and with this hud.ini they can edit the colors very easy... its only:

[General]
PrivateMessageRed=0
PrivateMessageGreen=255
PrivateMessageBlue=0
PublicMessageRed=40
PublicMessageGreen=214
PublicMessageBlue=251

Yes, I agree. I know I haven't done a lot of modding (like to keep it pure) but yes, simple things like changing the font color is nice.

People should get credit even if it's small or big work. Because you never know who can benefit from it.

Cheers!
