I've been developing my SEye again. I'm at a stage to release it, but before i do, i want some gamelogs. I prefer the new type, but i can convert the old logs.

<http://forums.dcomproductions.net/viewtopic.php?f=24&t=566>

A lot more has been done since this video, but it shows what it is for anyone who doesn't know.

If anyone can provide me with some I'd really appreciate it. I can set up FTP for anyone that needs it.
