Wow. That was pretty specific. Did you just happen across that? Or did you do some kind of web-search?

Kind of funny, but because of my connection with the source material- I LOVE IT!

That was a good comic, however....how would anyone ever get run over by a mammy? Just a nitpick. I do like running around in the enemy base with an APC!

Lag Kill

I never have that problem though with high speed internet.

It was funny, earlier today on Under I was in a mammy going up the hill. Once I got to the bottom of the other side "Yeah Baby, Yeah!" (my boink replacement), turns out, I ran over a Stealth Black Hand .

The funniest story I ever read of a real-life Renegade happening was a guy who fell off the overpass on City with a humvee due to lag and landed on an SBH who had a beacon, killing him.
