I just thought it may be interesting for us all to share our FAVORITE tactics. Pretty broad, I know, but hey, it seems fun.

For me, one of my favorite things to do is wall hugging with a shotgunner. Simply put, you hug the wall on a corner, switch to 3rd person mode so you can see around it, and when someone gets close, pop out and shotgun them in the head. That's pretty damn fun if you ask me.

It's not my favorite tactic, but there are very few things more rewarding than sneaking up on a sniper with an SBH and sticking him with C4. This works best on large, campy maps, like Field or Under, where snipers are much more likely to be standing still.

My favorite is to go to a really untraveled part of the map, somewhere where nobody goes, load the ol' *cheat name removed* and start spectate mode killing random people in the field, half way across the map.

Well actually I meant more... "Realistic" tactics, not hacks/cheats. However, I can't say that I haven't done that myself a few times. It's quite fun, actually

SBH+sniper rifle/ramjet behind the waterfall on field (you can actually walk behind it, not as in the trail up to the tunnel entrance)

He's posting them because you just admitted to cheating in a public place (IE, you admitted in public). whether or not you have actually cheated in a public server is a seperate question.

Matthew says:

Matthew says:
Don't play dumb with me

Matthew says:

You came on here last night asking me how to do an *cheat name removed*hack

- [D4M1R] [2008] [RDV] says:

yes because I want to cheat in servers like you do

Matthew says:

Your trooprdr02 correct?

Matthew says:

Well?

Matthew says:

Are you or are you not trooprdr02?

Matthew says:

Matthew says:

Okay, you obviously don't want to talk, so I'm going to talk for both of us.

Matthew says:

Unfortunately for you, I have the chat logs from last night.

Matthew says:

And YOU said you were Trooprdr02

Matthew says:

You asked me if I could teach you about the *cheat name removed*hack

Matthew says:

And I did.

Matthew says:

Then you go on the forum and post my IP and failingly ATTEMPT to get me banned.

Matthew says:

I call that backstabbing someone my mean mean black person friend.

Matthew says:

So you know what I'm going to do now?

Matthew says:

I'm going to take that chat

Matthew says:

And post it for everyone to see.

Matthew says:

So YOU get banned as well.

Matthew says:

How do you like that dirt bag?

Matthew says:

Oh, no words? Okay. We'll have some fun then

Matthew says:

Unfortunately, you being quiet doesn't make any difference now. I have the logs from last night.

I love this. Instead of doing something productive, this guy PURPOSELY seeks out people who MAY be cheating..And attempts to get them banned....Okay...Lol....

By the way, funny thing about racism bans...You actually have to racial, on THE FORUM, to get banned for it. That was on windows messenger...So uhh..Good luck.

Anyway, continue with the listed discussion.
