WOO! Total Annihilation. Love that game. Better than any of the C&C's (except Renegade) Would love to play Supreme commander.  
Also, dual-firing hand-held weapons are possible for the peewee soldier, ask Jerad Grey for the script. He has done it in RP2

Uber 1337ing too much math eh?

He hit random letters with his right hand for its name. I normally use my left for that, with names such as asd or sad.

LUVVVVED Total Inniation, bought a whole new comp back then just to play the game, I think it was a CYREX CPU if thats right if anyone remembers that back then.

I agree that it was better than any C&C title of the time and always remember the few maps when it was just u, all alone on a deserted planet building from scratch...Movie material.

Most of the sites for TA are closed now. Anyone know where I can get tile-sets for TAEB? All I can  
find are ones linking to download sites where you need to pay \$40 a month.
