I've been playing TSUgaming AOW recently, and I was upalled by the amount of racism, profanity, and hate that I encountered while I was there.

***This message goes out to everyone who is a part of TSU. Not everyone on the forum.

I go on, minding my own business, and someone asks me, "How does it feel to be a halfbreed asian mean mean black person?". We argued for awhile. And I left. I came back the next day, and got the same welcome.

Yes, I'm half chinese, and I'm half black. I'm still human.

I'm also bisexual, and because of that, I recieved such insults as "Faggot, loser, bitch, pussy, gay, ass-humper", and a few more I would rather not elaborate on.

This seems childish to rant about such a thing, yes. However, this is a game. This forum, and this game, is to have fun, and to share good times, not make bad ones.

What is so wrong with some of you in the head that just because someone is a bit different than you, you have to go ape-shit on them?

I'll tell you whats wrong. Your calloused, evil, and disgusting.

Let me tell you a little bit about my life.

I make 150k+ a year. I have a wife. A comfortable home in Ocean City, I have a daughter. And occassionally, I play Renegade for a few hours after the week.

You know what I had to go through to get there? Jobs turned down because of my bisexuality, people beating the crap out of me in college when I'd come out of clubs, constantly being refereed to as "faggot" or "asswhipe" through my entire life, and having to deal with shit none of you little momma's boys could even imagine.

You think I'm the strange one? I'm the weird one? Yeah, maybe I am. But you are even stranger, and weirder. You know why? Because instead of trying to make a friend, or just play the game, you actually take up your OWN TIME just to make another person feel worse.

You are the bottom of the food chain my friends. I make MONEY. I have a LIFE. And somehow, despite all of my trials and tribulations, I've made something out of myself. I can't say that for most of you.

You? You sit home on your fat asses and poke fun at some halfbreed bi-guy because it makes you feel superior.

I'm not trying to be mean, I'm not trying to start a flame war. I'm trying to show you exactly what

you are. Fools. I've been through enough shit in my life, and I don't need you idiots making it any worse. So have a field day with it, because when your still sitting on your asses eating cheetos, I'll be the bigger man, who has a life. You won't.

This is a server on Renegade?

Hmm, apparently they reference stuff put on these forums, and that means people probably read what I say as well. Maybe if I go there too I can get flamed as well. I really wanna know what people have to say.

TSU AOW that is the full name of the server?

Yeah, because I have a dumb ass friend who told them that, and put my join message as it.

And yeah R31, it is close to that. Just look for tsugaming [AOW] or something.

Edit: On second thought, you might fit in in UNRules. Give them a try.

nikki speaks the truth. Revealing personal information like that is a damn sure-fire way to get flamed. I'm not implying there's anything wrong with any of the things you said, or that you should be ashamed of them, but there's plenty of people out there who think otherwise.

People on the internet as assholes, don't let them bother you. They are especially vicious if you give them any ammunition. For instance, how/why did you tell them what race you are, or your sexual preference?

Since they know now, it doesn't matter, the only thing you can do is ignore them, and just laugh at them because in reality most of them are just "kids" and are no where near the station in life that you are, so really they are the ones that should be laughed at, and they know it, which is why they pick on you so that they feel better about themselves.

As a general rule don't offer up information about yourself to people on the internet, they will always use it against you. As another general rule, don't take the internet and the few assholes on it too seriously. Most of the people who would call you a faggot and would claim to gut you if they ever saw you are actually 14 year old kids who would pee their pants if you rolled up on them in the real world.

I'm implying that he is unlucky, to be honest, let's be realistic here, a person with all the above is just asking to be attacked, he is lucky not to include any other aspects that might add more to it and before you say he is just human too and that he shouldn't be attacked, well this is not a prefect world, it is full of humans who back stab and kill each other all the time and for much less.

He is a fool and ignorant for trusting his friend with such sensitive information about his person.

Now this is public to the entire Renegade Community, am sure the flaming will only get worst and you agree, making it public on these forums wasn't a wise thing to do.

MWright968 you was bullied in your early years but you didn't learn anything from it, you should keep all sensitive information about yourself to yourself, no one cares for it, the internet is the worst play ground you can ever be in.

Adding to that, the gaming play ground is nothing but full of kids and I like to think we all know what little kids are like, so learn from this lesson.

This is my realistic and logical outlook.

My personal thought on you will be kept to myself and I don't care for what you said in your first reply after mine, it shows you have psychology scarring and a very defenceisve person.

I also gotta add, your idea that you're genetic combination is superior to anyone else on this forum makes you a sound like a NAZI.

Don't take what I said as a attack on you, it is advice.

fl00d3d still cries about my league and the fact that st0nec0ld was "framed by clanwars.cc staff"... which is ironic seeing as how the person who framed him (jschultz) is the same guy fl00d3d went into business with to start a new league. 2. How the hell are you bisexual, and have a wife? Cheating are we? Sad.

3. You shouldn't have told your "friend".

4. The racism? Dude, your on the INTERNET.

5. Bashing TSU won't get you anywhere.

6. Again.. it's the fucking internet. Shit does happen, believe it or not.

7. Server name is TsuGaming.com :: AOW. Not TSU [AOW] lmao.

You also kept saying "i hate whites"

Your racist to us.. you get racism back. simple

Ahhh okay so your philosophy is: Hey that guy called me whitey so I'm going to call him a mean mean black person? You're smart. You just completely proved my point that players on TSU ARE indeed racist, for whatever reason.

Also, Excuse me, when did I say "I hate whites"? I have never said that, and I would love to see some proof, thanks. I am racist against no one.

Also, I know for a fact it isn't just white people playing on TSU. I've seen blacks, asians, mexicans, and if they don't harp on me for my race, they harp on me for my sexuality.

However, I must admit, due to the fact you appear not only be a racist bigot AND idiot, the following image does come to mind.

Dude....

We dont care if you are homosexual... why did you feel the need to repeat it over and over again in the server? It was not neccessary...

I will look for logs tonight, I am just going by what a few of the 'top mods' told me. I will inspect the

logs myself tonight. But as far as i am concerned... how did they know you was a homo? Did you feel the need to announce it?

The TSU server is going through shit these days with lag.

Yes the servers are

Tsu Gaming :: AOW

-and-

Tsu Gaming :: Oldschool AOW

Yeah they banned me because I was #1 and the mod on the other team was losing. So he started to insult me and I told him to "fuck off" and then I got a big fat BANNED message in my face....

Calx wrote on Tue, 08 January 2008 23:53I've been playing TSUgaming AOW recently, and I was upalled by the amount of racism, profanity, and hate that I encountered while I was there.

Why did you feel the need to let everyone find out about that sort of info?Quote:

***This message goes out to everyone who is a part of TSU. Not everyone on the forum.

Go to the bloody right forum then!

Quote:

I go on, minding my own business, and someone asks me, "How does it feel to be a halfbreed asian mean mean black person?". We argued for awhile. And I left. I came back the next day, and got the same welcome.

You can't have been minding your own business if they found out about your ethnicity AND sexuality...and i don't think you are telling it as it is...

Quote:

Yes, I'm half chinese, and I'm half black. I'm still human.

And your point is?

Quote:

I'm also bisexual, and because of that, I recieved such insults as "Faggot, loser, bitch, pussy, gay, ass-humper", and a few more I would rather not elaborate on.

That is their problem, not yours. If you truly feel comfortable with your sexuality, you will ignore them.

Quote:

This seems childish to rant about such a thing, yes. However, this is a game. This forum, and this game, is to have fun, and to share good times, not make bad ones.

Why did you feel the need to tell everyone your ethnicity and sexuality if it is just a game then?

Quote:

What is so wrong with some of you in the head that just because someone is a bit different than you, you have to go ape-shit on them?

People can be idiots...ignore them.

Quote:

I'll tell you whats wrong. Your calloused, evil, and disgusting.

Isn't that just as judgemental?...find the irony...

Quote:

Let me tell you a little bit about my life.

isn't doing that what got you into this mess?

Quote:

I make 150k+ a year. I have a wife. A comfortable home in Ocean City, I have a daughter. And occassionally, I play Renegade for a few hours after the week.

Someone is after an ego boost...

Quote:

You know what I had to go through to get there? Jobs turned down because of my bisexuality, people beating the crap out of me in college when I'd come out of clubs, constantly being refereed to as "faggot" or "asswhipe" through my entire life, and having to deal with shit none of you little momma's boys could even imagine.

Why tell us about your hardships...we don't care!

Quote:

You think I'm the strange one? I'm the weird one? Yeah, maybe I am. But you are even stranger, and weirder. You know why? Because instead of trying to make a friend, or just play the game, you actually take up your OWN TIME just to make another person feel worse.

Now you are just ranting...

Quote:

You are the bottom of the food chain my friends. I make MONEY. I have a LIFE. And somehow, despite all of my trials and tribulations, I've made something out of myself. I can't say that for most of you.

Again, you are saying it to make yourself feel good...

Quote:

You? You sit home on your fat asses and poke fun at some halfbreed bi-guy because it makes you feel superior.

While you post about being victimised and your life story to generate sympathy for you, and feel good about yourself...

Quote:

I'm not trying to be mean, I'm not trying to start a flame war. I'm trying to show you exactly what you are. Fools. I've been through enough shit in my life, and I don't need you idiots making it any worse. So have a field day with it, because when your still sitting on your asses eating cheetos, I'll be the bigger man, who has a life. You won't.

When you don't post the whole truth you are bound to start a flame war.

Also, again, if you are really secure about yourself you wouldn't have needed to tell us about this...no, scratch that...you wouldn't have even THOUGHT of coming on here and posting about it.

All that post does is show us how insecure you really are...especially if you get affected by what some moronic teen-agers say over a game.
