As far as I seen, many people prefer NOD over GDI. But think, do you really like NOD better because it's really better or the fact that playing NOD involves more than the simple drive, aim and pulling triggers of GDI?

I really prefer nod because of the vehicule speed.... a lot faster than most of gdi vehicules. The teams are well balanced, but I prefer nod gameplay over gdi.... I'm a stealth type... now guess what is my favorite tank...
